Financial & Insurance Agreement

Kate Shirley, Ph.D.
Licensed Psychologist | Oregon #4341
Portland, Oregon
www.drkateshirley.com

This agreement outlines the fees, payment expectations, and insurance policies associated with psychotherapy services. Please review it carefully and let me know if you have any questions.

Professional Fees

My standard fee is $180 per 50-minute psychotherapy session, including the initial appointment.

Payment is due at the time of service unless other arrangements have been made, including billing through an accepted insurance plan.

Additional professional services, such as extended consultations, preparation of reports, or coordination with other professionals, may be billed separately when agreed upon in advance. Any applicable fees will be discussed before these services are provided.

Cancellation & Missed Appointments

Please provide at least 24 hours' notice if you need to cancel or reschedule an appointment.

Appointments canceled with less than 24 hours' notice, or missed without notice, are subject to a $180 cancellation fee. A one-time exception will be provided for the first late cancellation or missed appointment.

Insurance does not generally cover missed appointments or late cancellation fees. These charges are the client's responsibility, subject to applicable insurance contracts and legal requirements.

Insurance Coverage & Billing

If I participate in your insurance network, I will submit claims for covered psychotherapy services according to the terms of my agreement with your insurer.

You are responsible for applicable copayments, coinsurance, deductibles, and other patient financial obligations under your insurance plan.

Insurance coverage varies by plan. I encourage you to verify your benefits, including your deductible, copayment or coinsurance, and any authorization requirements before beginning treatment.

Insurance companies generally require a clinical diagnosis to process claims and may request additional treatment information as permitted by law. Relevant information will be disclosed in accordance with applicable privacy requirements.

If I am not contracted with your insurance plan, you may choose to pay privately. Upon request, I can provide a receipt or superbill that you may submit for possible out-of-network reimbursement. Reimbursement is not guaranteed.

All billing and patient financial responsibility will be handled in accordance with applicable insurance contracts and laws.

Payment Responsibilities
Payment for services not covered by insurance is generally due at the time of the appointment.

If an outstanding balance develops, I will contact you to discuss payment arrangements. I encourage you to communicate with me about any financial concerns that may affect your ability to continue treatment.

I will not charge interest or collection fees unless these have been separately disclosed and agreed upon in accordance with applicable law.

Good Faith Estimates
If you are uninsured or choose not to use insurance, you may be entitled to receive a Good Faith Estimate of the expected cost of services under the federal No Surprises Act. A Good Faith Estimate is not a contract or a guarantee of the total cost of treatment. The actual cost will depend on the number and type of services received. You may request a Good Faith Estimate at any time.

Agreement
By electronically acknowledging this agreement, I confirm that I have reviewed and understand the financial and insurance policies described above. I agree to the applicable fees and payment responsibilities associated with receiving psychotherapy services from Dr. Kate Shirley.
